

Industry Of Choice Project: Part 2

This Document Due Date Will Be: Friday May 8th

Your job is to do some in-depth research in your chosen industry of study.

You're going to find out what exactly they do and are responsible for, how much they earn per job or per year, what kind of educational background do they have and where they went to school, who they work for most, what they plan to do moving forward.

This project may involve you writing to some well-known people for advice.

The project will be split up into two parts :

- Part 1: The Profession
- Part 2: The Specifics

Part 2: The Specifics - *What you need to research and answer:*

- 1. In the specific area of study you plan on focusing on, describe in detail the skillsets needed to be successful in this field.**

Detail the specific skillsets (EX: Figure Sketching / Storytelling / Etc.)

- 2. Locate / Profile Three Successful People In The Field You Are Currently Studying For**

What's their name and what makes them so successful? What do you notice about them?

- 3. What are the top five employers in your chosen field?**

Where are they located also.

- 4. How Many Opportunities Exist In Florida For You To Practice Your Trade?**

What does the job market in Florida look like vs. the rest of the nation?

- 5. Draft and email to a company or designer you'd be interested in hearing from or working for.**

Ask them about what they do, how they got where they did, where they went to school and any other comments or questions. Include their email address and your email to them here. If you receive a response, update me.

- 6. Draft A Short – Medium and Long-Term Career Plan For Yourself.**

Follow the drafts demonstrated here. <https://talentegg.ca/incubator/2014/10/28/ready-create-career-plan-started/>

7. Draft A Professional Resume For Yourself

Follow the drafts demonstrated here. Even without job experience, you can still create a resume that stands out. Include any extracurricular activities, clubs or achievements.
